Ambedkar's Constitution (Article 325) Is Adharma That Violates Independence Act 1947 As Indians Are Those Who Do Idol Worship Of Lord Shiva That Teleported On 22 23 Dec 1949 By Virtue Of Gita Ch 4 vs 7&8. Hence Muslims Are Not Indians Rather They Are Arabian And Their Voting Right Is Abandoned In 2021 Onwards As Fake Constitution Was Working Since 6th March 2014 by Virtue Of Lord Shiva New Lord Of Akhand Bharat Made India Freed from clutches Of His Majesty.

Abstract

India and Pakistan both are still dominion States (Controlled by His Majesty) rather than Independent Nations according to Independence Act 1947 . To end this adharma Almighty God Lord Natraz did teleport on 22 23 Dec 1949 in middle gummed of Babri Mosque . Hence a Fake Constitution of Free India did start on 26 Jan 1950 . On 6th March 2014 Almighty God declared KHUD MUKHTARI and freed both dominion states from clutches of His Majesty . . But Indian Independence Act 1947 is still not dissolved . Hence Indians are those who live in India and do idol worship of Lord Shiva are eligible for voting right only . And Muslims who prohibit idol worship are not Indians rather they are Arabian and they had to leave India and to live in dominion state called Pakistan according to Indian Independence Act 1947 . This was valid upto 5th March 2014 .

Lord Natraz BBB being Lord of Akhand Bharat since 6th March 2014 declares KHUD MUKHTARI of not only dominion states that are freed from clutches of His Majesty rather all other nations who were part of Akhand Bharat as Hindu Rashtra 7000 years back . That not only dissolves Indian Independence act 1947 rather it discard Article 325 as Muslims are not Indians by virtue of they prohibit Idol worship and they are Arabians , Hence they do not deserve Voting right in Hindu rashtatra of Akhand Bharat since 10.10.21 onwards . Hence either they live as refugees in Hindu Rashtra Akhand Bharat or get back to Arab their native place from where invaders did come to India to make LOOT etc 800 years back like Britishers(Christians) the Invaders left India in 1947 onwards made India a dominion states.

Misconduct by Ambedkar's Central Government Act Article 325 in The Constitution Of India 1949- 325. No person to be ineligible for inclusion in, or to claim to be included in a special, electoral roll on grounds of religion, race, caste or sex There shall be one general electoral roll for every territorial constituency for election to either House of Parliament or to the House or either House of the Legislature of a State and no person shall be ineligible for inclusion in any such roll or claim to be included in any special electoral roll for any such constituency on grounds only of religion, race, caste, sex or any of them as it did not follow Independence Act 1947 that Indians are those who do

Idol worship of Shiva and those who prohibit idol worship are not Indians rather they are Arabians and they donot have voting right or to be MP , MLA in this Country of Lord Shiva as Lord Shiva had teleported on 22 23 Dec 1949 in Middle Gummed of Babri Mosque by virtue of Gita ch 4 vs 7 and 8 . Hence Ambedkar’s Constitution article 325 is obsolete as it does not follow Independence Act 1947 and it made Lord Shiva’s Hindu Akhand Bharat a Secular country by Article 25 , 29, 30 and article 325 which is Adharma which was Hindu Rashtra 7000 years back .

Physics of Mind

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to *be* conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually *is*, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

Wrong depiction of visual realization

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation.

Colleagues Travis Craddock and Jack Tuszynski and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to resonate brain microtubules and treat mental, cognitive and neurological disorders. 1.2 Mind and Mass Realities [2]

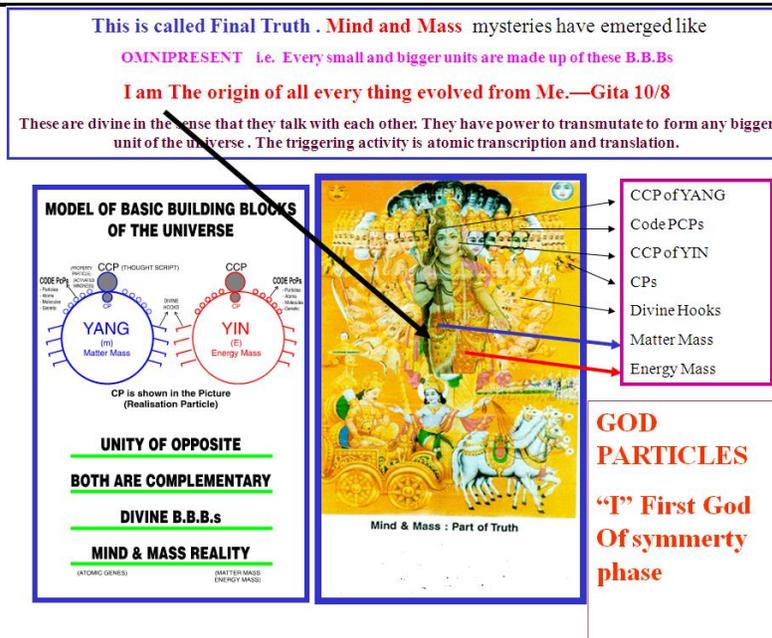

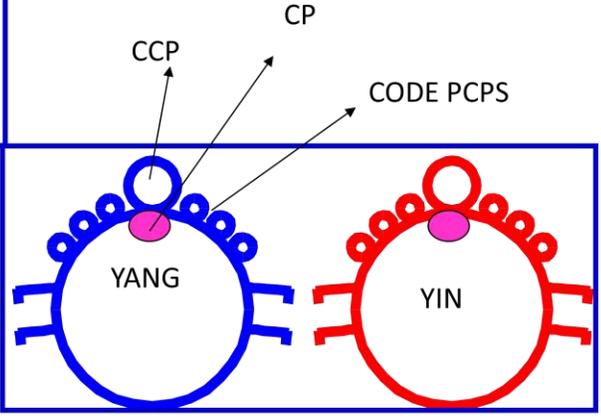

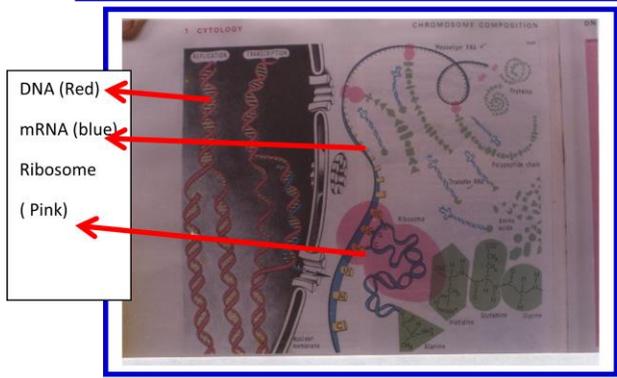

Fig. 1 Divine Mechanics Unit – CCP, CP and information s – Code PcPs with B-Bit – Mass

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations . New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata.as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation . In all, it is automatic system of the universe . The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side) . These are named as code PCPs or messenger atomic genes . The central face is CCP or Thought script where all thoughts of the universe are banked . It is bank of data of all information s of the universe It is face identity of Anti mind partcles as data of all information’s of the universe are stored as anti mind particles . It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP) . There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes) . That translates the messages and realizes it and reacts accordingly.[2]

1.3. Messages From Biological world to understand B.B.B world as shown in Fig 2 [2]

In participatory science, we take similarities from biological world to understand the B.B.Block world. One who knows biological transcription and translation, can also understand atomic transcription and translation.

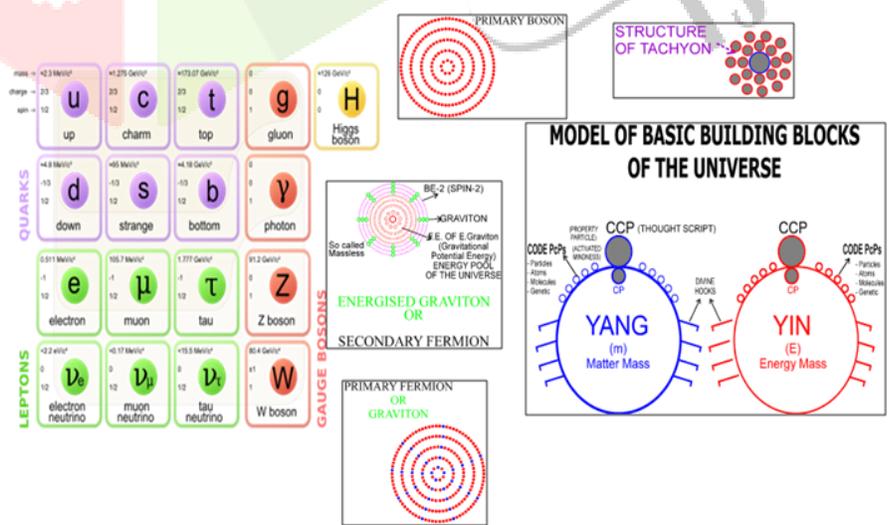

1. Cell is anatomically and physiologically unit of the body. Similarly B.B.Bs. are structural and functional units of the universe.
2. Cell functions (metabolic) are controlled by biological transcription and translation. Similarly, B.B.Bs. functions are controlled by atomic transcription and translation.

Biomolecules take part in biological transcription and translation are
DNA- message storage system.
mRNA-messenger molecule (carries message from nucleus to cytoplasm).
Ribosome- translating molecule (it translates the message and works accordingly). Similarly, atomic genes that take part in atomic transcription and translation are-
CCP-thought storage system (omniscient). It is similar to **DNA** of the biological world.
Code PCPS-messenger atomic genes. It is similar to **mRNA**.
CP-translating atomic genes. It translates the messages and realizes the message and reacts accordingly.

Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

1. Mass - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.
2. Matter :-Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.
3. Inertial mass :-Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.
4. Gravitational mass :- The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases) the interacting mass (interacting surface) also increases or when interacting mass (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.
5. Pure m (matter) mass :-matter mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.
6. Energy mass:-Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.
7. m (impure matter) of $E=mc^2$:-Matter particles (fermions) which have got spin property are called impure matter particles.

1.4 Prayer message formation in brain.

ATOMIC GENETICS

Fig 4 Divine Mechanics - Prayer message formation in brain

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

1. CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of atomic transcription triggers.
2. OM triggers activation of free mind particles (black -inactivated code PCPs) of that thought script (magenta) of “o god help me ”.
3. Free mind particles (black -inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me ”.
4. Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of “ o god help me ”
5. CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PcPs) and finally there is activated message of “ o god help me” is formed .
6. CP represses atomic transcription by adding RM (green) to OM (orange) . Thus atomic transcription gets halt.

Having formed the message it comes out in three forms .

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of 'O GOD HELP ME' is expressed. As a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called **THOUGHT RAY (Quantum entanglement)** which is made up of pure

atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards **REALIZING CENTER** situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go ?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called **ATOMIC GENETIC ENGINEERING** as shown in **Figure 4.1**

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. **Or diseased cell gets cured [6]** as shown in **Fig 4.1**

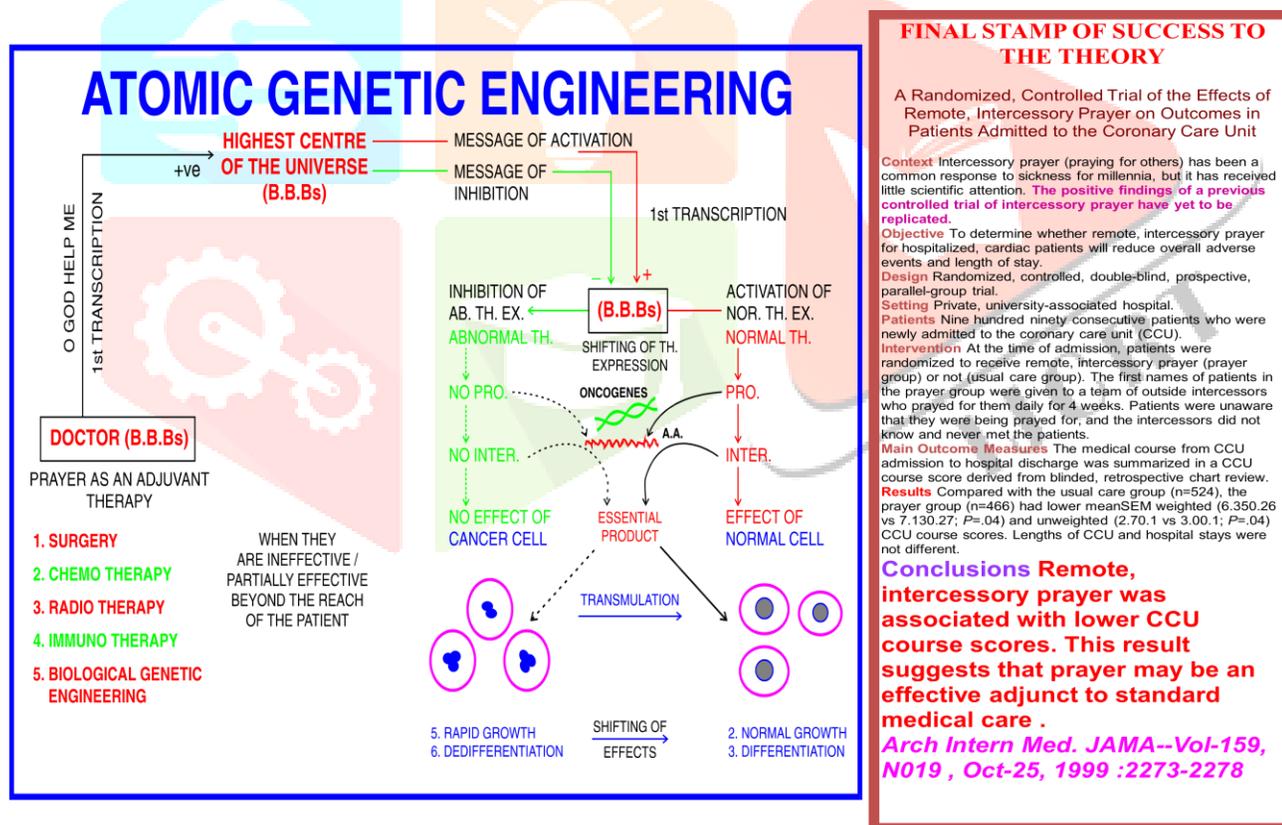

Fig 4.1 A.G.E and Final stamp of success to New Theory[6]

1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PCPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms, molecules, cells, and even individuals talk with one another

After the formation of the cell, nature created one more system called THIRD TRANSCRIPTION. Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed.

These three types of message systems are working in the nature. These message system are being used by the nature according to nature's need. as shown in Fig 5

MESSAGE SYSTEMS OF THE UNIVERSE

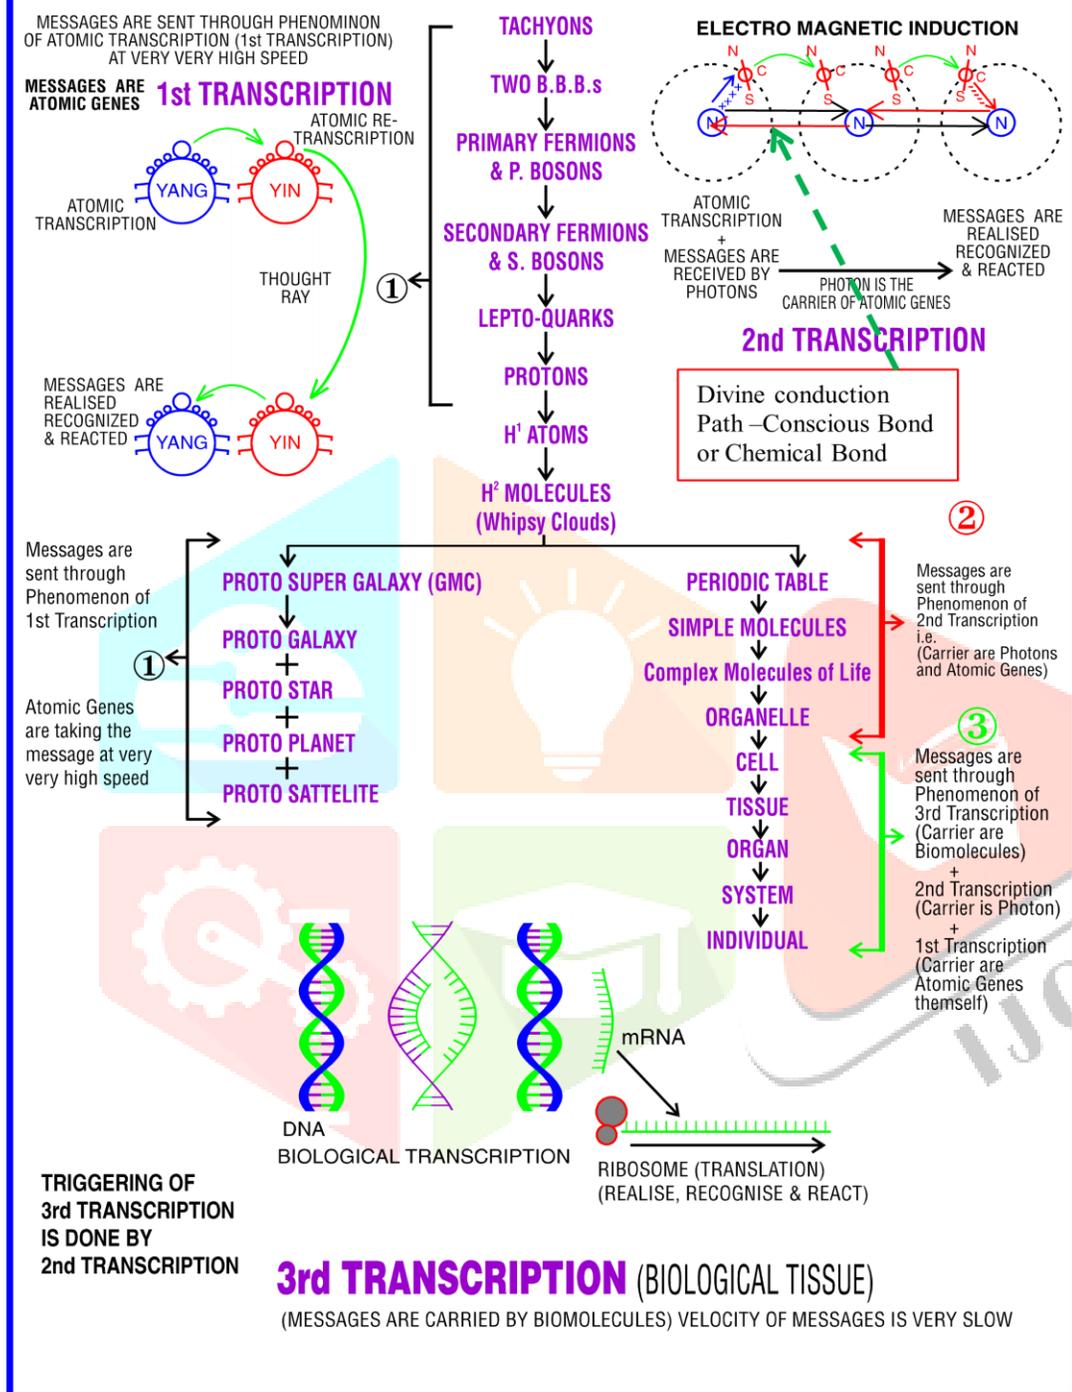

Fig. 5 Messages system of the universe

1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. . There are two types of thought stimulation [2] . One is **CONDITIONED THOUGHT STIMULATION** and other one is **UNCONDITIONED THOUGHT STIMULATION**.

STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is CONDITIONED STIMULATION of thought expression, and other one is self stimulation of thoughts i.e. UNCONDITIONED STIMULATION of thought expression .

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is THOUGHT expression. These thought expressions were triggered by UNCONDITIONED OR SELF STIMULATED WAY . It is the first step and it is followed by PROGRAMMING or formation of programmed messages by code PCPs. This programmed message moves from higher centers to target B.B.Bs. it is called INTERACTION. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called EFFECT. Appearance of new shapes. properties and laws is called TRANSMUTATION. The first three steps are collectively called CCP. During transmutation process if CCP is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmutate. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry . So the broken symmetry is never spontaneous. It is being mis understood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.

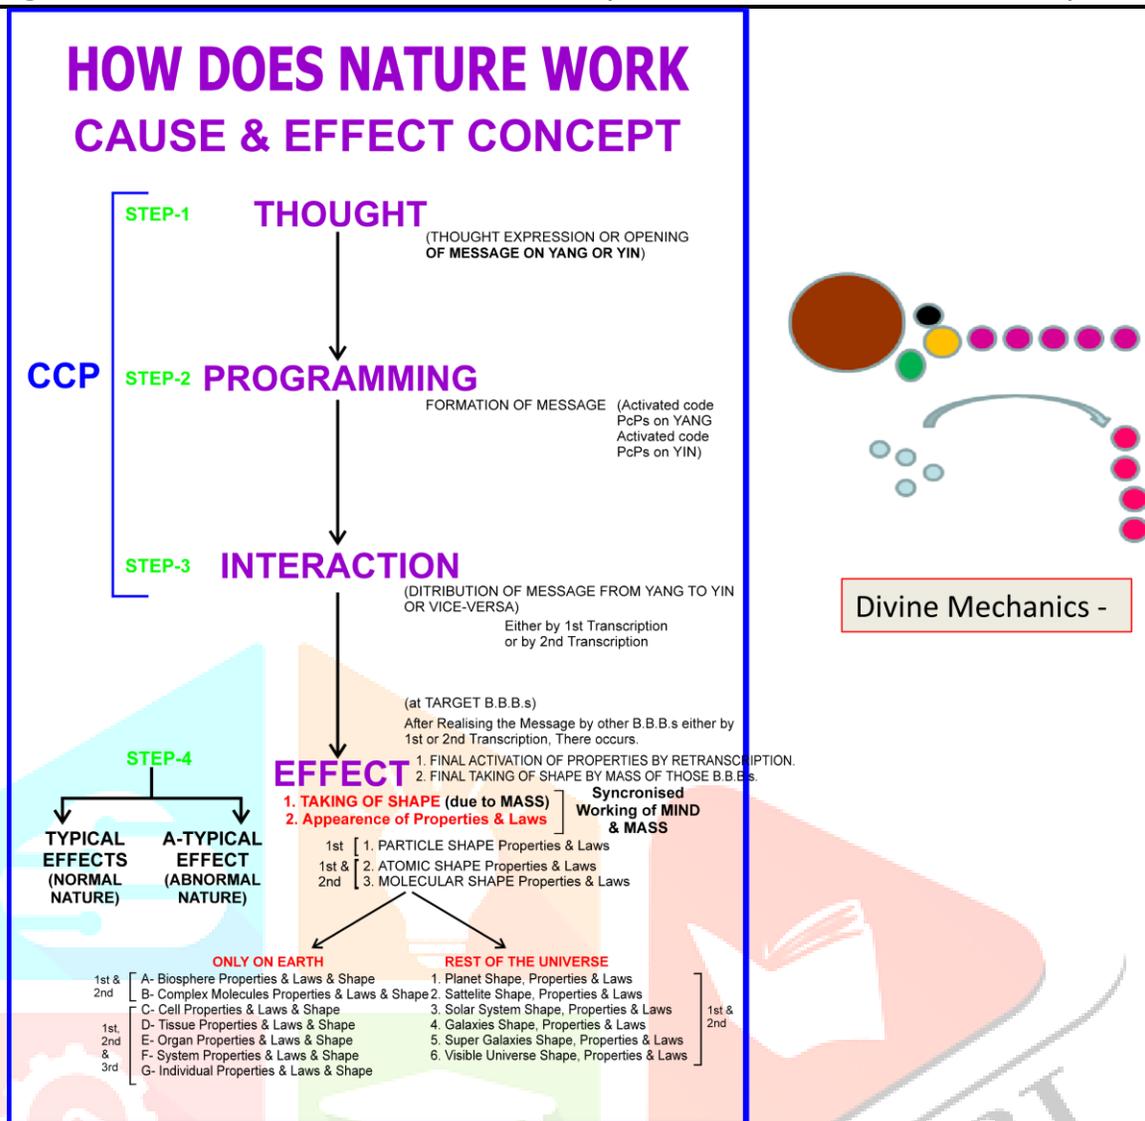

Fig. 6 Divine Mechanics – How Does Nature work ?

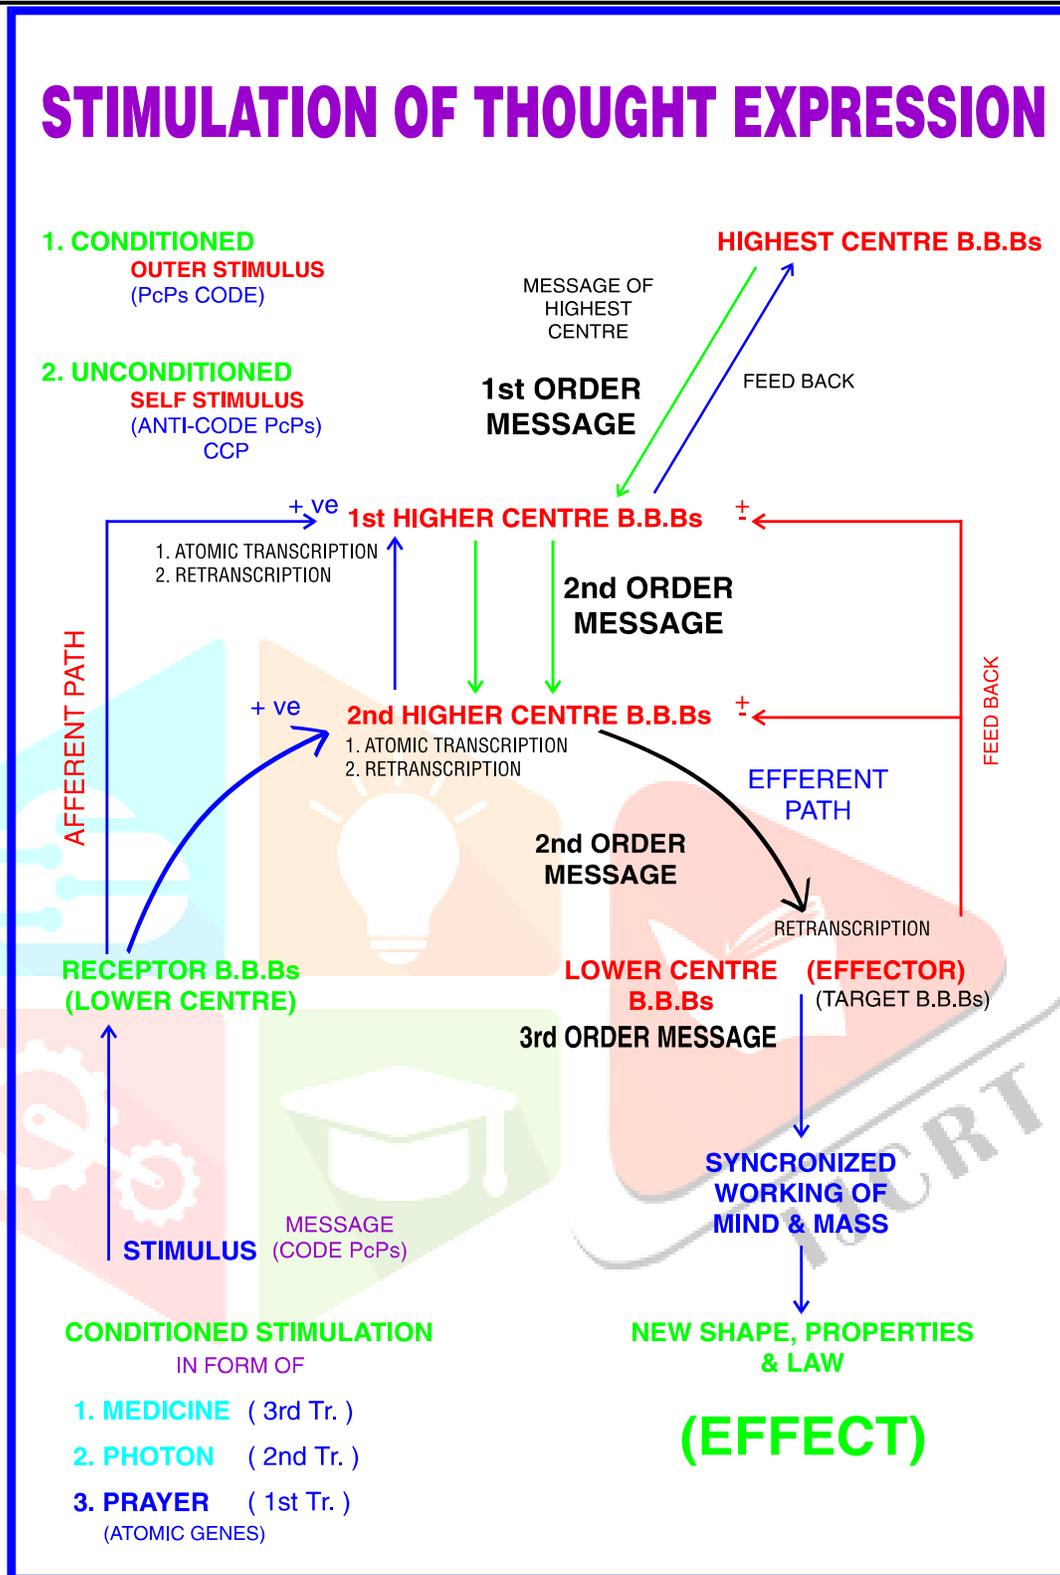

Fig. 7 Conditioned and Unconditioned thought expressions

1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units ,nature created secondary units i.e. secondary fermions and secondary bosons. similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons& neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units,

molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers.

All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8

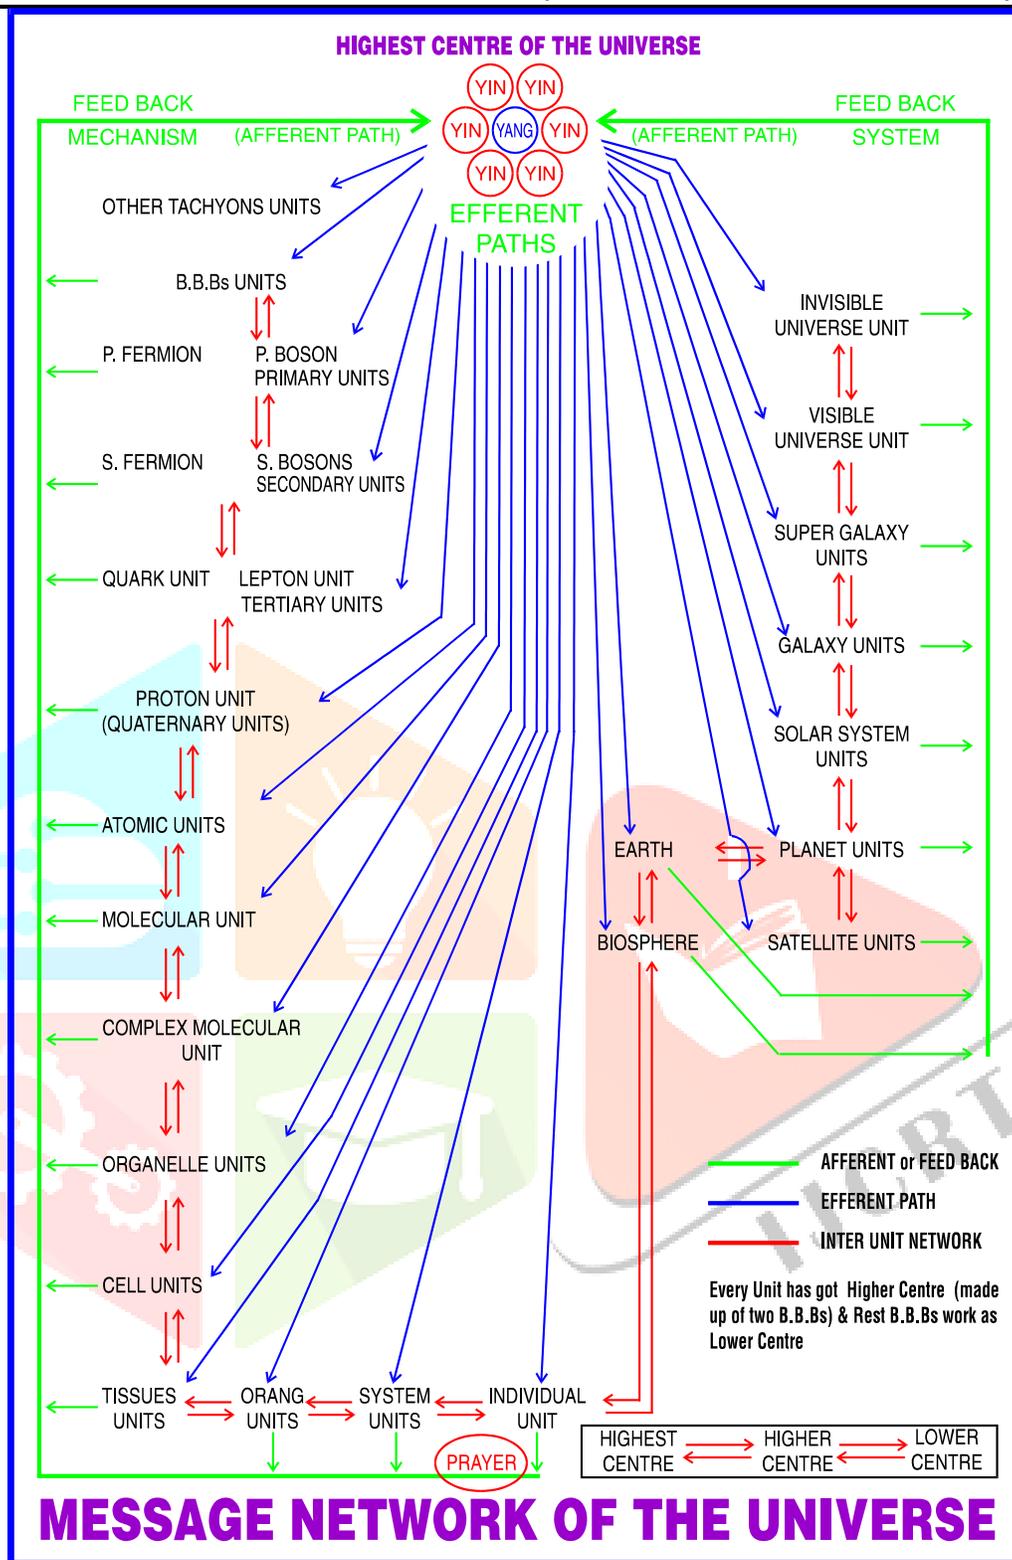

Fig. 8 Messages Net work of the Universe

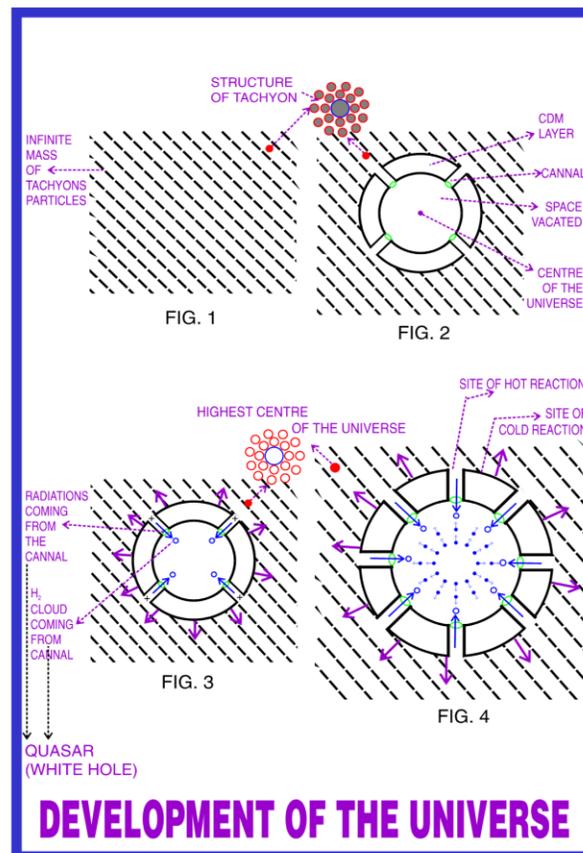

1.8 Origin of the universe [7]

Hoyle – Narlikar Universe

ORIGIN OF THE UNIVERSE CONTINUOUS CREATION THEORY----

HOYLE AND NARLIKAR THINK THAT NEW MATTER IS BEING CREATED DUE TO 'IMPLOSION' TO BALANCE THE EXPANSION OF THE UNIVERSE, WHICH ASTRONOMERS HAVE OBSERVED. INSIDE 'QUASI STARS' GRAVITATIONAL COLLAPSES MAY FORM SOME MATTER IN THE UNIVERSE. THE HUGE LUMINOSITY AND THE RADIOEMISSION FROM THESE QUASI -STARS APPEAR TO BE 'GRAVITY POWERED' UNLIKE ORDINARY STARS WHICH DERIVE THEIR ENERGY FROM NUCLEAR REACTIONS

UNIVERSE "I"

Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in **Fig-3** were in the form of tachyons as shown in **Fig- 9** [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the **highest center** of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe. Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in **Fig 3.1**. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of **COLD DARK MATTER (C.D.M)** and canals in it. With the result space got created. At the other end of the canals, hot reaction started (**the relics are back ground radiations 2.7 degree K of our hydrogen clouds**). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus **QUASARS** appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and radiations kept on coming in this closed universe as shown in **Fig 9** . With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they

were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The **HUBBLE LAW**, can thus be explained. With some more passage of time, clouds were joined to form **GMC** (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated . I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe , it was mind reality that triggered symmetry breaking phase . It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle . There is nothing like artificial intelligence in the universe . These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe) . His mind could be manipulated by prayer only . as shown in figure 9.1and 9.2

1.10 Divine Mechanics and Brain Computation

Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Divine Mechanics and Brain Computation

Fig 12 Divine Mechanics of Brain Computing System – Learning and memory

At all steps , these are B.B.Bs (B-Bit) that are responsible for information's control and triggering . If CCP is written it means unless atomic transcription and translation occur , brain cannot have learning and memory triggering and control and it is called Divine mechanics of Biology and it is life . These are higher thought expressions of B.B.Bs . In Bits of classical computers and qubits of QC , the thought expressions are lower and different but the mechanics (DIVINE) remains the same. as shown in Fig 12

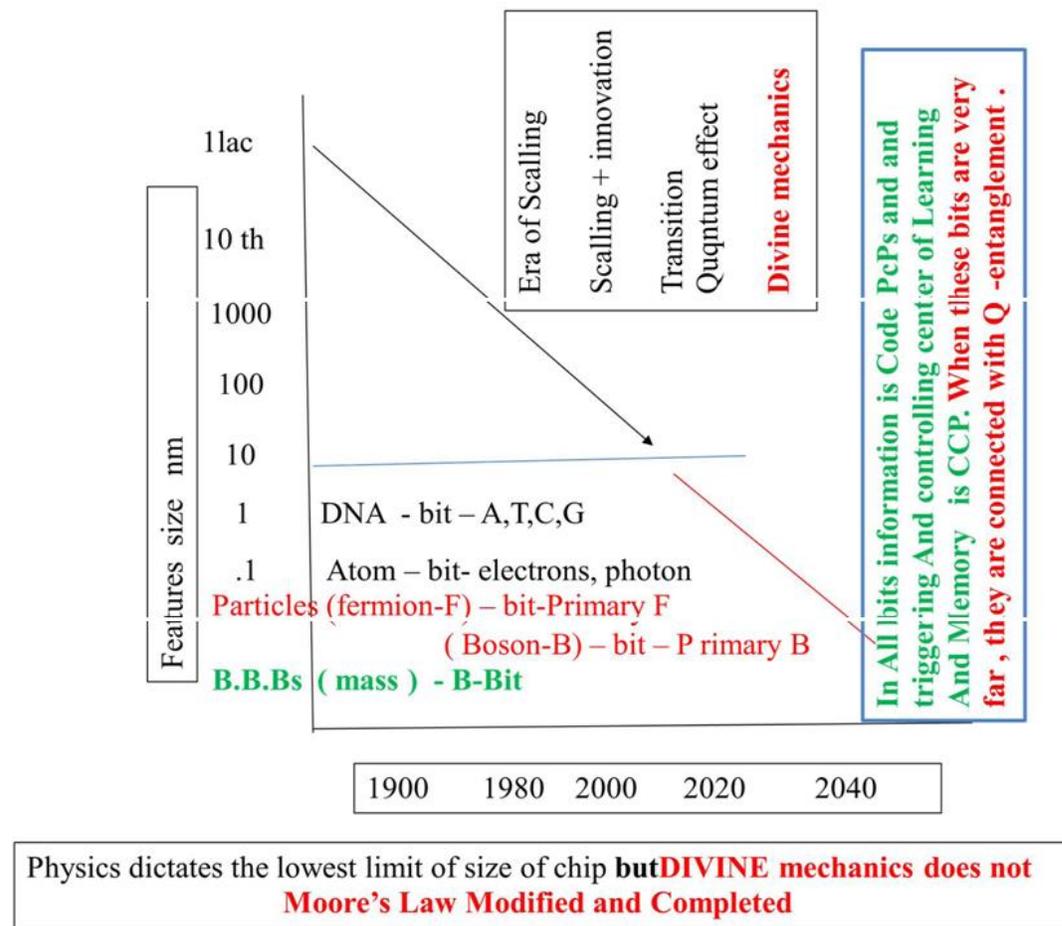

Fig 13- The Theory of Computers and Brain are same – DIVINE MECHANICS

(Structural and Functional smallest Bit (mass) is B-Bit of the universe and the Divine Mechanical Unit is CCP , Code PcPs and CP.)

DIVINE MECHANICS The Theory of Computers and Brain is SAME as shown in Fig 13

Physics dictates the lowest limits of the size of chips [11]. But divine mechanics does not . Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system ,it is the different thoughts expressions that describe informations . Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron , at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B- bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal . In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different . But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal . In both the effect of describing informations would be different.

One is classical (thought expressions are fixed and limited)and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results .) . In life sciences in Brain the bit is again Photon and the informations are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS .

In life sciences the CCP (cryptography) of B-bit expresses information's (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age /real age) .

It is Higher functions of B.B.B or B Bit and it is life . Hence there is difference in some aspect of DIVINE MECHANICS \of Computers computation and Brain computation

Structure

2.1 Modified theory of atomic structure as Niels Bohr's theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr 's Theory (**Divine MONB** Theory) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits , electron is being held by single string of energized gravitons . This energy level is called ground state.
2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels , it also emits radiations . Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.
3. When excitation is over, the electron once again come back to ground state energy level . All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.
4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or –ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages , electron works accordingly. Unless the thought is expressed, nature cannot work . as shown in Fig 14
5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP - 13.59ev (n=1) is required to remove electron from this energy level. During excited stage the interaction is different hence I.P. to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3), - 0.850ev (n=4) , -0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect .
6. Electronic configuration of higher atoms could be known by studying I.P. curve . Working of hydrogen atom as shown in Fig 14 .

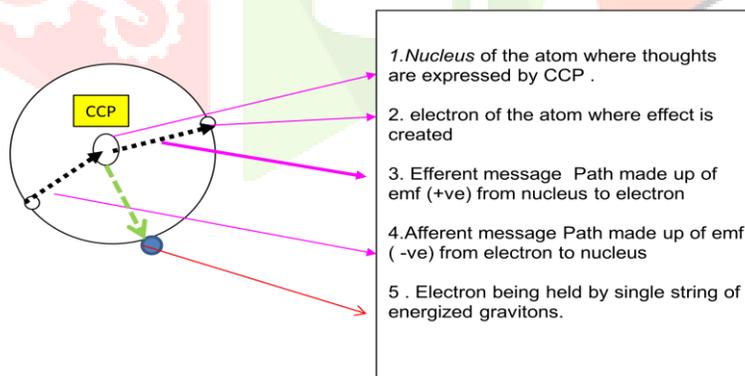

Fig 14 working of hydrogen atom – Divine MONB Theory

2.2 Misconduct by Ambedkar's Constitution as it did not follow Independence act 1947 or Two Nation Theory . Hence Ambedkar's Constitution article 325 is obsolete in 2021 onwards .

Misconduct by Ambedkar's Central Government Act Article 325 in The Constitution Of India 1949- 325. No person to be ineligible for inclusion in, or to claim to be included in a special, electoral roll on grounds of religion, race, caste or sex There shall be one general electoral roll for every territorial constituency for election to either House of Parliament or to the House or either House of the Legislature of a State and no person shall be ineligible for inclusion in any such roll or claim to be included in any special electoral roll for any such constituency on grounds only of religion, race, caste, sex or any of them as he did not follow Independence Act 1947 that Indians are those who do Idol worship of Shiva and those who prohibit idol worship are not Indians rather they are Arabians and they donot have voting right or to be MP , MLA in this Country of Lord Shiva as Lord Shiva had been teleported on 22 23 Dec 1949 in Middle Gummed of Babri Mosque by virtue of Gita ch 4 vs 7 and 8 . Hence Ambedkar's Constitution article 325 is obsolete as it does not follow Independence Act 1947 and it made Lord Shiva's Hindu Akhand Bharat a Secular country by Article 25 , 29, 30 and article 325 which is Adharma which was Hindu Rashtra 7000 years back .

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma idol or Allah

A book Quran that misguides Muslims to the tune that they publish Cut head of Allah ho Akbar or Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhya in a magazine a **Heinous crime** that is worshiped in Namaz an idol worship means worship of tachyon particles which are made up of two God particles and its photo depiction is Lord Natraz BBB or Allah hu Akbar are still alive on Earth .Means iSIS sangathan represents entire Illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad and 57 countries support it need reforms FIRST or to get out from My Planet right now .

Instead of this THEY are daring to fight Election under AIMIM in India where Lord Natraz BBB is ruling since 6 th March 2014 who is teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby

Further according to Independence Act 1947 Muslims have lost their right to be Indian and they were granted a separate nation an attach on to hit Idol worship of Lord Shiva or Lord Natraz bbb in Akhand Bharat or a Adharma did by Gandhi Nehru , Jinna against which by virtue of Gita ch 4 vs 7, 8 Lord Natraz BBB did teleport on 22 23 Dec 1949 in middle gummed of Babri Mosque to eradicate all Adharma on Earth by defining first Indians of Akhand Bharat are those who worship Lord Shiva and rest are Arabian who follow illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad had to go back to Arab and on the contrary they are fighting Election 2022 under AIMIM IS a big Adharma in India and hence Lord Natraz BBB put emergency to dissolve parliament and to dissolve all elections since 10.10 2021.

Hence STATUSQUO is imposed unless reforms get accepted by Islam etc by worshiping Idol worship of Lord Shiva or Lord Natraz bbb or Creator BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Mahakaal Lalla virajman that has been worshiped in Namaz as Namaz is idol worship of tachyon particles which are made up of two God particles or Allah hu Akbar and its photodepiction is Lord Natraz BBB or Allah hu Akbar.

Any disobedience is misconduct and punishment is according to Islamic law ie shirk or Apostasy or death . Means Get out from My Planet. By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhya and

2.3 Misconduct of Islam Dharma by Hinsa by ISIS Sangathan by publishing Cut head Of Almighty God Lord Natraz BBB or Allah Hu Akbar . Means Adharma and how to eradicate it . Means Global Islamic Zihad Eradication Program by UOG . PL listen AUDIO

Answer by Ahinsa Parmo Dharam . Means put real photo of Lord Shiva by all Dharmas in India as He is Creator and Anadi Ananta Who wrote Quran Gita and Bible , Means He is Allaha , Yahova , Parmeshwat , Bhuddha Mahakal and Mahakal Lalla Virajman Ayodhya Who teleported on 22 23 Dec 1949 in Middle Gummed of Babari Mosque and It is His Title suit rather than Birthplace of Lord Ram as said by fake judgment of SC dated 9,11,2019 . Means Modi , Yogi and RSS against Shiva Puja at Ayodhya by Constructing Ram Temple a Heinous Crime like ISIS did by publishing Cut Head Photo of Lord Shiva on Magazine . Means Modi , Yogi , RSS are ISIS agents or Jai Chandra in India . Hence they are Deshdrohi and put them behind bar under Ganster Act , Desh drohi Act etc along with 15 Trustees who are making Ram temple ay Ayodhya .

<https://youtu.be/QDPnVCGzNFY> <https://youtu.be/JaEIAh6M898>

<https://youtu.be/E1jLb-Gmq9E>

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma idol or Allah . ISIS Sangathan did blunder or **Heinous crime** by publishing cut head photo of Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhya . It is by virtue of that Zabril did not tell about truth of Allah and about that Namaz is idol worship of tachyon particles which are made up of two God particles and its photodepiction is Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhya.

Hence Quran is not poise book by virtue of every thing is not written correct or that carries about 26 Ayete that prohibits idol worship and kills those who do idol worship means Islamic Jihad . Though Islamic Jihad is anti Quran act and anti Quran movement and punishment is according to Islamic law ie shirk or Apostasy or death. The meaning of Islamic jihad is to provoke war against non Islamic that do idol worship and to provoke loot globally.

The word LOOT has been added To enhance fund to make Islamic Army big and Strong. Ilusive Islam that spread beyond Arab was not a religion of peace rather a religion of adharma that was taught by Zabril to Mohammad Sahib about both wrong and right ayete to create **FASAD** globally as the real meaning of those ayete were known to Almighty God Lord Natraz BBB or Allah hu Akbar. Hence **FASAD** that made Islam a cruel and ignorant and religion of Loot to the tune that they publish Cut head of Allah Hu Akbar of whom they worship in Namaz a idol worship .

Solution OIC AND 143 Islamic Sangathan that prohibits idol worship and kills those who do idol worship means Islamic Jihad either do IQRA of Science of prayer and know Allah in the light of science or they get ready to get out from My Planet as what ISIS did is **Heinous Crime** done ie to publish cut head of Allah ho Akbar by virtue of wrong Ayete taught by Zabril to Mohammad Sahib that made Islam a Adharma. By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhya

Modi is big failure by virtue of he is ISIS agent . Means he is against Shiv puja at Ayodhsya as he is making Ram temple a Heinous Crime equivalent to what ISIS posted on their magazine by cutting head Of Lord Shiva . ISIS ideology is against idol worship of Lord Shiva in Akhand Bharat. Hence All who are against idol worship of Lord Shiva or Shiv puja at Ayodhaya and making Ram temple are iSIS AGENT . And Modi , Yogi and RSS , VHP etc are ISIS AGENTS ie against Shiv puja at Ayodhaya ie making Ram temple there .

To disprove it that Modi is not ISIS AGENT , he has to withdraw Construction of Ram temple and make arrest of 15 trustees. As he withdrew Three Kissan Kanon recently .

In Akhand Bharat of Lord Shiva all are ISIS AGENTS who do not do Idol worship of Lord Shiva. MUSLIMS OF Akhand Bharat are ISIS AGENTS as they follow illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad. But in Namaz they worship Idol of Lord Natraz bbb. Hence to get rid of blame of ISIS AGENT they have to put idol of Lord Natraz bbb in mosque and offer Namaz before it. Other wise they are ISIS AGENTS and they have to abandon Namaz as it is idol worship of Lord Natraz bbb.

Same is true for Christians of Akhand Bharat . Means they are against idol worship of Lord Shiva Creator or Premeshwar and they do worship of Creation Jesus. Means they are ISIS AGENTS in Akhand Bharat. To get rid of blame of ISIS agents , they have to put idol of Lord Natraz bbb on Church as Creator Parmeshwar or Vidhata or yahova and offer prayer before it and abandon idol worship of Jesus the Creation.

Same is true for Buddhist of Akand Bharat who are ISIS agents . Means they are against Shiv Puja who is Creator of Universe and worshipping Buddha who is Creation. Hence to get rid of blame of ISIS AGENT, Buddhist have to put idol of Lord Natraz bbb or Creator BBB or Buddha Mahakal in Buddha temple of Akhand Bharat and offer prayer before it as He is only worthy of Worship whose head has been cut by ISIS sangathan in their Magazine a **Heinous crime** dome by ISIS ideology .

Those who support this ISIS ideology that to cut of Head of Lord Shiva who is La illah illillaha are not Muslims rather AGENTS of ISIS AGENTS IN Akhand Bharat. ISIS sangathan or its equivalent sangathans globally do not know meaning of **La ilaha illillaha**. Means idol worship of Lord Shiva or Lord Natraz bbb or Creator BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Mahakaal Lalla virajman Ayodhaya.

Hence they cut head of Allah hu Akbar and displayed through Magazine is same **Heinous crime** as did in France in Jan 2015 by making Cartoon of Mohamad and led to massacre by killing 12 people and the entire world had to see their anger of Islam on this issue .

Solution

Either Muslims, Christians, Buddhists support ideology of ISIS ideology by posting cut head of Allah , Parmeshwar or Vidhata or Yahoova or Allah hu Akbar on Magazine an **heinous crime** or put agitation against it by putting photo of Real photo of Lord Shiva in your home and offer prayer before it or ready to be punished by Almighty God Lord Natraz BBB to support such **heinous crime** did by ISIS sangathan by **their silence** .

Modi is ISIS AGENT as he supports to construct Ram temple though that place belongs to Mahakal Lalla Viirajman who teleported on 22 23 Dec 1949 in Middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby. Modi , Yogi RSS donot withdraw their manifesto from BJP , they are labeled as ISIS agents means against idol worship of Lord Shiva at Ayodhaya by Construction of Ram temple a fake God and Creation of Almighty God Lord Natraz BBB the Creator .

Arrest Modi as he is ISIS agent by constructing Ram temple and he is against worship if Lord Shiva there . It is ideology of ISIS by publishing cut head of Lord Shiva on a magazine an **Heinous Crime** in the eyes of Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhya or Yahoba or Parmeshwar or Vidhata or Allah hu Akbar.

By order ACJ

Put Real photo of Lord Shiva or Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhya or Yahoba or Parmeshwar or Vidhata or Allah hu Akbar in your home and offer prayer before it and **beware the blame of ISIS ideology** that they publish photo of cut head of Lord Shiva the Creator and worshiped in Namaz and punishment by Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Mahakaal Lalla virajman Ayodhya.

2.6 Akhand Bharat is by virtue of Worship of Lord Shiva about 7000 years back. To restore Akhand Bharat back Independence Act 1947 is discarded.

<https://youtu.be/geOAYO34yiY> <https://youtu.be/adis4fglQOY> <https://youtu.be/REqb5HaZJeQ>

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma idol or Allah

Akhand Bharat is by virtue of Worship of Lord Shiva about 7000 years back. To restore Akhand Bharat back Independence Act 1947 is discarded. Means two nation theory is obsolete. Means all 15 nations are restored in Akhand Bharat with worship of Lord Shiva the Hindu God and Creator of Universe. Know science of prayer and know Allah in the light of science.

Hence Muslims of Akhand Bharat should go back to Arab as they follow illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad. CHRISTANS of Akhand Bharat should go back to Jerusalem as they worship Lord Jesus . BUDDHIST of Akhand Bharat should get out from My planet as they worship Buddha the Creation.

Reform [13] If Muslims of Akhand Bharat donot want to go Arab, they have to reform themself as Namaz is Idol worship of Lord Shiva or Lord Natraz bbb. Put idol of Lord Natraz bbb in All mosques of world and offer namaz before it. If Christian donot want to go back Jerusalem, they have to abandon worship of Jesus the Creation and put idol of Lord Natraz bbb the Creator in All churches and offer prayer as prayer is idol worship of Lord Shiva or Lord Natraz bbb. Buddhist have to abandon worship of Lord Buddha a Creation and put idol of Lord Natraz bbb in All Buddha temple and offer prayer as prayer is idol worship of Lord Natraz bbb The Creator.

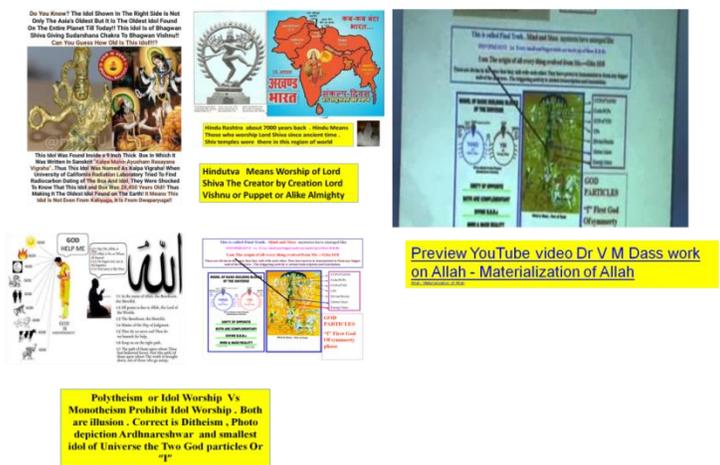

Lord Natraz BBB is ruling India and abroad since 6th March 2014 . Indian constitution made by Ambedkar is now obsolete. He has put emergency since 10.10.2021. Parliament is dissolved. MODI IS NOT PM .THIS means Modi's all decisions in 7 years tenure is now discarded that included CAA etc. By order Almighty God

Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya

2.7 How To restore Akhand Bharat through “Ala Illaha Illillaha Means True islam starts with Nama and It Is Idol worship of Lord Natraz BBB The Creator Of Universe or Allaha Hu Akbar . **Namaz is idol worship then why in Islam people prohibit idol worship an Anti Quran act and anti Quran movement and punishment is according to Islamic law ie shirk or Apostasy or death.**

Either Islam get reformed or prepare to die or get out from My Planet. By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya PI spread this message globally.

https://youtu.be/pP7F_p3_zpc

True Islam Starts with Namaz and IQRA means Materialization of God .Few pictures are being attached. Means Akhand Bharat and about worship of Almighty God Lord Natraz BBB or Allah hu Akbar **Means La illaha illillaha**. Only worthy of worship is Lord Shiva or Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhaya or Yahoba or Parmeshwar or Allah Hu Akbar.

In Namaz or Prayer we do idol worship of tachyon particles which are made up of two God particles or ardhnareshw or smallest idols of universe. Means DITHEISM , PHOTODEPICTION ARDHNARESHWAR AND SMALLEST IDOLS OF UNIVERSE. It is true Islam . Hence put idol of Lord Natraz in all Mosques of Akhand Bharat and offer Nsmaz is True Islam .Disobeying order is misconduct and punishment is either get back to Arab or Get out from planet .

Same is true for Christians ie either put Idol of Lord Natraz bbb or Parmeshwar or Vidhata or Yahoova in All churches of Akhand Bharat and offer prayer before Him or get back to Jerusalem. Same is true for Buddhist . Put idol of Lord Natraz bbb or Mahakaal Lalla virajman Ayodhaya or Buddha Mahakal in all Buddha temple of Akhand Bharat and offer Prathana or Get out from planet .IQRA , Adab and Reform .By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya or Buddha Mahakal of Akhand Bharat.

Salman Khursheed and Rizvi are pole apart in their thinking about Islam . AIMPLB is demanding arrest of Rizvi but Salman is more injurious to Islam as he abused Almighty God Lord Natraz BBB or Allah hu Akbar in his book Sun rise over Ayodhaya by saying Hindutva a bad ideology like ideology of Boko Haram and ISIS ideology.

Means directly abusing Almighty God Lord Natraz BBB or Allah hu Akbar as Hindutva cannot be seen separated by Worship of Almighty God Lord Natraz BBB or Allah hu Akbar or Creator BBB . **In France 2015 a Cartoon was displaced and that led to massacre.**

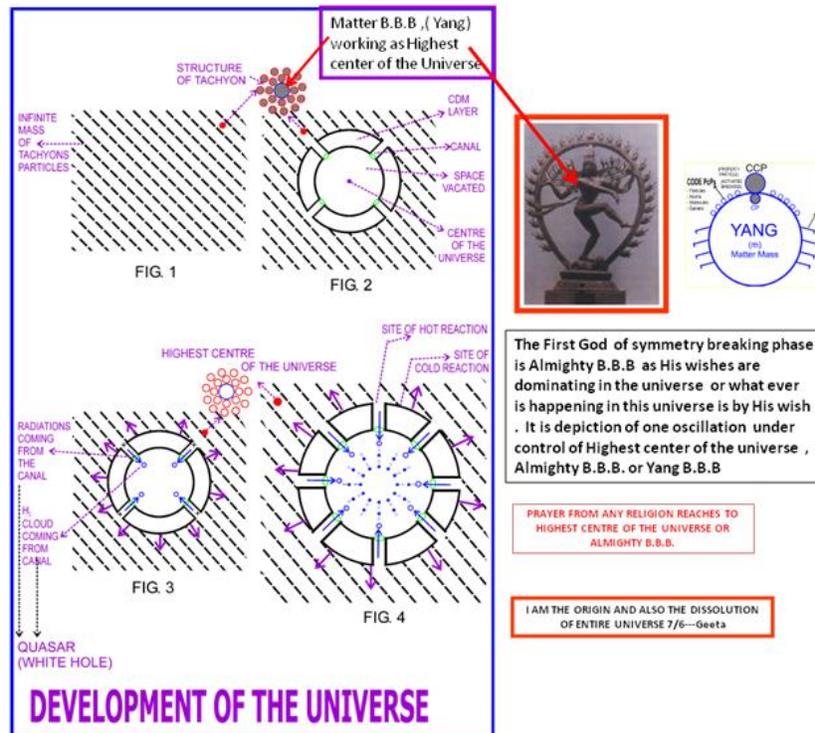

But in India a person Abusing Allah hu Akbar or Lord Natraz bbb through Hindutva and AIMPLB does not demand his arrest rather they demand arrest of Rizvi who is not found guilty by Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya.

Salman is guilty in the eyes of Almighty God Lord Natraz BBB or Allah hu Akbar as he abused Him by abusing Hindutva that could not be separated from idol worship of Almighty God Lord Natraz BBB or Allah hu Akbar. About 7000 years back Hindus were living in Akhand Bharat and only Shiva's worship used to be performed in Akhand Bharat. Buddhist 500 BC , Islam 800 years back, Christianity 250 years back hit Idol worship of Lord Shiva by dividing Akhand Bharat and finally Indian Independence Act 1947 hit Shiv Puza idol worship from Pakistan.

This led to increase in Adharma in Akhand Bharat and to end Adharma by virtue of Gita ch 4 vs 7 and 8 , ALMIGHTY GOD LORD NATRAZ BBB OR ALLAH HU AKBAR took reincarnation on 22 23 Dec 1949 in middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby .He opened University of God at Fatehgarh and download a Book titled Atomicgenetic and origin of universe ie update of Gita , Bible and Quran. He explained Science of prayer and know Allah in the light of science. Almighty God Lord Natraz BBB or Allah hu Akbar said that Namaz is idol worship of tachyon particles which are made up of two God particles or ardhnareshw or smallest idols of universe means Budparasti or idol worship of Lord Natraz bbb. He has put a debate that if Namaz or prayer is idol worship then why in Islam, Judaism, and Arya samaj the idol worship is prohibited .

In Islam illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad is anti Quran act and anti Quran movement then all Islamic states (57) are found guilty to prohibit idol worship of Almighty God Lord Natraz BBB or Allah hu Akbar and punishment is according to Islamic law ie shirk or Apostasy or death. Either Islam should be deleted from Earth or they should get

2.10 . Namaz of Islam or Prayer of Christians or Prathana of Hindu etc are same and all are idol worship of tachyon particles which are made up of two God particles or ardhnareshw or smallest idols of universe means Budparasti or idol worship means worship of Lord Natraz bbb or Mahakaal Lalla virajman Ayodhaya or Allah hu Akbar.

Hoyle Narlikar Universe OR Universe "I"

If Namaz is idol worship then why idol worship is opposed on Islam.

Again it is error of Zsbril that he did not tell all truth of God to Mohammad Sahib through different ayete that Allah means two God particles and Namaz is idol worship that this error was rectified by Almighty God Lord Natraz BBB the Creator of universe or Allah hu Akbar while teaching Quran 99 names of Allah to me and that research is published in scientific journal with references and accepted by scientific world . Pl see link on top .

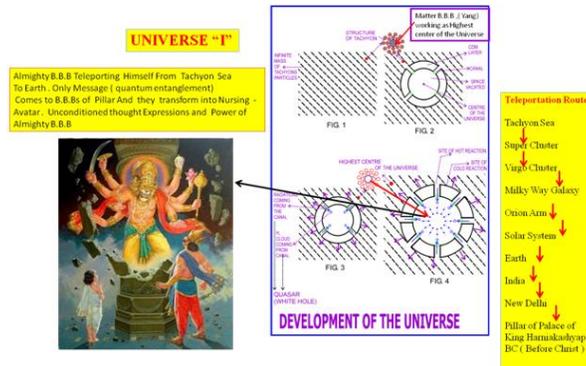

2.11 IQRA AND ADAB

Iqra means read . Reading knowledge did not end 1400 years back . Rather Almighty God Lord Natraz BBB or Allah hu Akbar did downloaded Quran in Science form 400 years back . But these books do not speak all truth about truth of God through science as regard His Materlization. Finally He downloaded a book Atomicgenetic and origin of universe where He exposed how He created universe which is update of Quran Gita and Bible and all scientific researches.

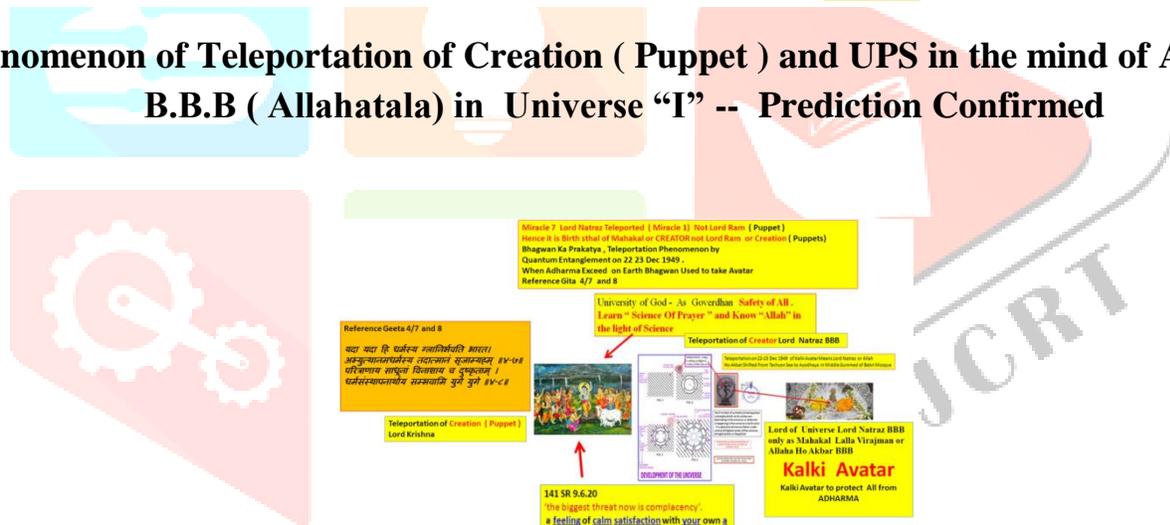

Dear Author, Congratulations!! Your book is published and has started becoming available on the online distribution channels as below - Global Edition Available on: Amazon.com Amazon.co.uk Amazon.de Amazon.fr Amazon.es Amazon.it Amazon.ca Indian Edition will be Available on: Amazon.in Flipkart WFP Store

Teleportation is a phenomenon through which Almighty God Lord Natraz BBB or Allah hu Akbar used to come on Earth . It is related with quantum entanglement.

Phenomenon of Teleportation of Creation (Puppet) and UPS in the mind of Almighty B.B.B (Allahatala) in Universe “I” -- Prediction Confirmed

Phenomenon of Teleportation of CREATOR dated 22 - 23 Dec 1949 and UPS in the mind of Almighty B.B.B (Allahatala) in Universe “I” -- Prediction Confirmed

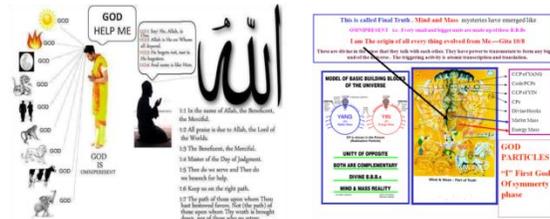

Miracle 7 Lord Natraz Teleported (Miracle 1) Not Lord Ram Hence it is Birth sthal of Mahakal or CREATOR not Lord Ram or Creation (Puppet). Bhagwan Ka Prakatya , Teleportation Phenomenon by Quantum Entanglement on 22 23 Dec 1949 .When Adharma Exceed on Earth Bhagwan Used to take Avatar Reference Gita 4/7 and 8

Quantum entanglement is a message system by which two God particles talk with each other in prayer Namaz etc. And Almighty God Lord Natraz BBB or Allah hu Akbar used to send His order to University of God and He published 115 papers about How God created the universe and about different universal phenomena in many scientific journals with references.

Conclusion

Hence iqra does not stop with Quran rather it continues and it enlighten humanity to know truth of God and to learn Adab . To say that Quran is last message of Almighty God Lord Natraz BBB or Allah hu Akbar and Mohammad Sahib is last messenger of God is Myth .Monotheism , no photo depiction and prohibit idol worship is truth of God as said in Judaism and Ayaya smaj is also Myth .Polytheism is also Myth as said in Hinduism.

Truth is Ditheism , means two God particles and its photodepiction is Ardhnareshwar and they are smallest idols of universe which are worshiped in Namaz or Prayer.

Polytheism or Idol Worship Vs Monotheism Prohibit Idol Worship . Both are illusion . Correct is Ditheism , Photo depiction Ardhnareshwar and smallest idol of Universe the Two God particles Or "I"

Truth of God

Hence to prohibit idol worship and to kill those who do idol worship means Islamic Jihad is anti Quran act and anti Quran movement and punishment is according to Islamic law ie shirk or Apostasy or death.

Prediction of theory. In science , theory is found correct if it's predictions get proved. Two particles hypothesis predicts dead persons would be made alive by Almighty God Lord Natraz BBB or Allah hu Akbar. As Mohammad Saib did break Moon , Lord Krishna did lift Goverdhan Mountain in Vrindaban , Lord Ram did lift Shiv Dhanush or built Adam's Bridge or Ram setu about 7000 years back etc . All events are related with Bhakti and Science of Prayer . Hence these are work of Good persons rather than EVIL or Demons . **Evils misuse IQRA Like misuse of Quran done by Jihadist like Boko Haram and ISIS . They prohibit idol worship and kill who do idol worship as they obey 26 Ayeteof Quran that have been challenged by S. Wasim RIZVI of UP.**

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma idol or Allah Miracles do happen in Nature or universe but the science behind is Unconditioned thought expression or divine mechanics or mind reality of God particles.

For example cell divides into two by mitosis or meiosis. It is triggered by unconditioned thought expression of higher center in DNA . The time mindness triggers it. The message of cell division by code pcps Atomic genes is formed on Yang Bbb of Higher center and it is carried by photons to target BBB s and we see effect of cell division. Nature works or Basic buildings block s work by

Thought - Programming- interaction - Effect.

This is science of Division . Similarly in nature Identical Twins formation in utero . Similarly in bone marrow wbc, rbc, platelets form by division of parent cell or megakariocytes in case platlets Now coming to science of reunion . Means how divided units get reunited . In embryology we see formation of Kidney . One part of kidney gets originated from endoderm from back ie **metanephrose** (Definitive Kidney) and some part is originated from other tissue **uretric bud** and both get unified forming Kidney without any line of demarcation . But when there is error in Union is triggered, it leads to polycystic Kidney. Same failure of reunion of nature is found in Cleft lip , cleft alveolar and cleft palate (Median cleft fold and lateral cleft Folds) .

The nature or BBBs work by divine mechanics by unconditioned thought expression of reunion that leads to formation of code pcps message of reunion and when message reach to target bbbs we see effect of reunion means formation of lips, alveolar and palate . **Any error in thought expression on BBBs leads to cleft lip , alveolar or palate in New born baby.**

Hence there is science of division and reunion is found in nature and it is by virtue of unconditioned thoughts expression of mind on BBBs . Miracle of breaking of moon by thought .

1. Mohammad Sahib did entangle with Almighty God Lord Natraz BBB by Quantum Entanglements .2. Thought to break moon is prayer done by Mohamad Sahib. 3. Prayer reaches Almighty God Lord Natraz BBB by quantum entanglement. 4. PRAYER ACCEPTED . 5. ALMIGHTY GOD LORD NATRAZ BBB DID ORDER (First order of Universe) MOON TO BREAK IN TWO PIECES as we see in cell division. 6. Having received the order ,on target bbbs , it gets divided into two parts . 7. They get apart some times and energy is used from gravitons . 8. Later order of reunite from Almighty God Lord Natraz bbb gets triggered. And divided units get united without scar. As we seen in formation of lip etc . By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya

BISMILLA Rehman Rahim means vande matram means honor and worship of female God particles or shakti ma idol or Allah . **Lord Natraz BBB or Mahakaal Lalla virajman Ayodhaya eats EgO of Adharmi Modi .** Hence Modi did lose his wrong ideology of kisan Kanon that he wanted to impose on India . By virtue of Gita ch 4 vs 7, 8 Almighty God Lord Natraz BBB or Mahakaal Lalla virajman Ayodhaya did teleport on 22 23 Dec 1949 as balak idol avatar in middle gummud of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby. He is new ruler of India and abroad since 6th March 2014 and he imposed emergency since 10.10.21 and dissolved parliament and now Modi is not PM of India .

Article 19 is obsolete as to have freedom to abuse Almighty God Lord Natraz BBB or Mahakaal Lalla virajman Ayodhaya is Crime . Modi with Yogi and RSS etc did this Crime on 5 Aug 2020 by praising Lord Ram the Creation before Almighty God Lord Natraz BBB or Mahakaal Lalla virajman Ayodhaya the Creator of Universe . Being Modi Guilty and not being PM since 10.10.21, he has to go Jail . By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya

BISMILLA Rehman Rahim means vande matram means honor and worship of female God particles or shakti ma idol or Allah Muslims of Akhand Bharat are not Indians .**Indians means those who worship idol of Lord Shiva 7000 years back in Akhand Bharat.** Muslims follow ideology of illusive Islam of Mohammad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad. They follow ideology of Boko Haram and ISIS ideology. Hence they are Arabians and they have no right to vote or to fight elections or to rule in Akhand Bharat . **Independence act 1947 is fake act. Hence obsolete by Almighty God Lord Natraz BBB who teleported on 22 23 Dec 1949 in the middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby.**

Hence CAA has been transformed to GCAA . Means Arabians who live in Akhand Bharat are not Indians and their native place is Arab and they have no voting right in Akhand Bharat or to rule in Akhand Bharat as it is being ruled by Lord Natraz BBB who teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby. **Hence New ruler of Akhand Bharat is Lord Shiva native Almighty God of Akhand Bharat since 6 th March 2014 .**

Same is true for Christian of Akhand Bharat. Their Native place Is Jerusalem and their God is Jesus . Hence they are not Indians . Same is true for Buddhists who lost their right of Native place in India as they joined Buddhism and their God is Buddha . Hence they are not Indians .

Reform

Namaz is idol worship of tachyon particles which are made up of two God particles or ardhnareshw and they are smallest idols of universe means Budparasti or idol worship of Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhya or Yahoba or Parmeshwar or Allah Hu Akbar. If Muslims reform means they leave ideology of illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad and put idol of Lord Natraz bbb in All Mosque of world their voting right could be restored . Otherwise not .

Same is true for Christians and Buddhists of Akhand Bharat. Means they have to abandon idol Worship of Jesus and Buddha the Creation or Puppet and put idol of Lord Natraz bbb The Creator BBB or Mahakaal Lalla virajman Ayodhya or Yahoba or Parmeshwar or Vidhata or Buddha Mahakal , their voting right could be restored otherwise not .

It is order of Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Buddha mahakal or Mahakaal Lalla virajman Ayodhya. Disobeying it is misconduct and Punishment is , Arabians have to leave Akhand Bharat and get back to Arab . CHRISTANS GET BACK TO JERUSALEM And Bhuddist of Akhand Bharat should get out from this planet as they abused Lord Shiva by Dhanmanantran as did Ambedkar in 1956 . By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhya.

2. 15 END OF ISLAM TRIGGERED By Abraham Religion To Unify Islam , Judism and Christianity , A Hypothesis which has No Common Color or Book or belief . This question to be answered by Salman Khursheed as he is worried about Hindutva becoming Jihadis like Boko Haram and ISIS . etc . . What does it mean ? and To stop islamic Jihad Funding has to be diverted to propagate that Namaz is Idol worship or to reform islam through IQRA . Salman Should give affidavit about his Mansh in writing this book .

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma idol or Allah . Abraham religion is fake hypothesis as this religion could not be unified on the basis of Almighty God which are different in Yahudi , Christian and Islam . Islam is Adharma as it follows illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad. Hence Islam and Christian could never be friend . **Islam being Adharma is opposed by ya hodi , opposed by Christianity opposed by Hinduism , opposed by Buddhism and opposed by China globally .**

They believe in Monotheistic religion . But Christianity believes in worship of Jesus as Not Son of God rather as God and Jesus worship is idol worship.

2. Their books are different . Tohra belongs to Yahodi . While new testamin belongs to Christian and Quran belongs to Islam. The difference further persist as their Navi are not same except Abraham who is father of faith but not founder of any religion . Musa is founder of Zudism . Jesus is founder of Christian and Mohammad Sahib is founder of Islam .Their way of prayer could not be unified. Their spirituality could not be unified. Islam , Judaism believe in no idol worship . While in Christianity they do idol worship of Jesus .In Islam there is no picture of Allah . The same is true in Yahoodi Yahoova or in Christianity Parmeshwar. But is Myth .

Hence All three religions are based on Myths about God . Ie it is One . It has no photodepiction and idol worship is fake worship at highest consciousness. Their way of life is different . They donot know science of prayer and know Allah in the light of science.

The unification of all religions could be possible by University of God by hypothesis of Two God particles or Its photodepiction is ardhnareshw or smallest idols of universe of which every thing is made up of by Religion I only .

Conclusion

1. Religion I means Ditheism . Means two God particles or Its photodepiction is ardhnareshw or smallest idols of universe that would persist even after destruction of universe. Or eternity or Allah. CONCRPT of Creator or Almighty God Lord Natraz BBB or Allah hu Akbar who is Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya could be worshiped by all under one roof . The book of Religion I is Atomicgenetic and origin of universe. It is update of Gita , Bible and Quran etc as it teaches how God created the universe. **There is no Navi , messenger in Religion I .**

The Religion I starts with Tachyon particle or I which are made up of two God particles and its photodepiction is Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya. Means Eko Adam Adam Bahushiyami .

It unifies Yahoodi , Christians, Islam and Hinduism and all other religions to bring them on one platform under one roof and under one Flag of Almighty God Lord Natraz BBB.

Religion I has real photo of Vidhata Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Buddha Mahakal or Tao etc that teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby on Dec 23 Dec as Balak Idol Avatar that made Mosque more poise than before . Hence Ayodhaya is the Secular place of Secular Deity Lord NATRAZ bbb or Mahakaal Lalla virajman Ayodhaya. All religions of Globe could come there to honor and worship of Almighty God Lord Natraz BBB who is Secular God without hesitation . Namaz is idol worship Hence to oppose idol worship is fake believe as followed in Islam and Zudism and Arya Samaz etc .

By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya

The contents of book should be highlighted through video teaching by Salman ji . It looks bad to say have you read the book by Salman ji **Islam has lost trust globally** . Hence to say that Hindu Muslim should live in unity in India is a big joke said by Salman ji .

Reasons

1. Islam came India as invaders from Arab about 800 years back .2. CHRISTIANITY came India as invaders about 250 years back through Britishers .3. In 1947 when Britishers left India and get back to their nation England , Muslim instead of demanding Pakistan should get back to Arab their native place and Christian should get back to Jerusalem their native place leaving Akhand Bharat only for Hindu who used to do idol worship of Shiva before their invasion of Islam and Christianity . 4. Hence Gandhi ji , Nehru and Jinna did Adharma in 1947 by accepting Independence Act 1947 ie two nation theory of Britishrts .

5. Against this Adharma Almighty did teleport on 22 23 Dec 1949 in Middle gummed of Babri Mosque as Balak idol Avatar witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby. 6. Thus Akhand Bharat belongs to idol worship of Lord Shiva only . **Hence other religious groups are banned to live and to possess, practice and propagate their religion through Article 25 which is now obsolete.**

7. Hence Salman's point of view that Hindu Muslim should live in harmony in Akhand Bharat is a Joke on our Hindutva as our motives are opposite as regard idol worship . 8. To resolve this dispute , order of Almighty God Lord Natraz BBB is to reform Islam and Christianity, Buddhism etc who do not do idol worship of Lord Shiva in Akhsnd Bharat . 9. They should learn Science of prayer and know Allah in the light of science and know that Namaz is idol worship of tachyon particles which are made up of two God particles and its photodepiction is Lord Natraz BBB or Allah hu Akbar who took reincarnation on 22 23 Dec 1949 in middle gummed of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR by SI Ram dev Duby.

10. Hence Indian Muslims should put idol of Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhya or Yahoba or Parmeshwar or Allah Hu Akbar or Allah in all Mosques of world and offer namaz before idol of Lord Natraz bbb or failing which either they leave Akhand Bharat and get back to Arab or Get out from My Planet. Same is true for Indian Christian too . Means they leave worship of Jesus and put idol of Lord Natraz bbb or yahoba or Parmeshwar in Churches and offer prayer before idol of Lord Natraz bbb in Akhand Bharat .

11. Indian Buddhist either get out from My Planet or put idol of Lord Natraz bbb or Bhuddh Mahakal in all Buddha temples and remove idol of Buddha from there . Buddha Mahakal is Lord Natraz BBB .

Discussion

All religions have Two parts one is way of life and Spirituality . Spirituality of All religions is ONE . But ways of Life ius different . SC does not know about Origin and fall of Hinduism after Lord Krishna about 5000 years back .in this region of world .

Hindu Rashtra about 7000 years back . Hindu Means Those who worship Lord Shiva since ancient time . Shiv temples were there in this region of world

Gita Ch 9 Vs 7 and 8 symbolizes the photo dipiction of Lord Natraz BBB as Creator and destroyer of universe

Translation

BG 9.7-8: At the end of one *kalp*, all living beings merge into My primordial material energy. At the beginning of the next creation, O son of Kunti, I manifest them again. Presiding over My material energy, I generate these myriad forms again and again, in accordance with the force of their natures.

Hindu word is Coined by Lord Shiva and we are Hindu by virtue of Lord Shiva being Hindu God and He is Creator of Universe and Anadi and Ananta . Before 7000 years this region of globe was Hindu Rashtra by virtue of Shiv temples were

there in this regions and Shiv puja used to be considered as only in Shiv temples by worshipping Shiv Lings by water abhishek and Shiv arti . Lord Ram did Shiv Puja while making Ram Setu about 7000 years back . Our religious books were Shiv Puran etc .Later came Lord Krishna and our religious book became Bhagwat Gita wrote by Lord Natraz BBB or Mahakal or Lord Shiva .

Why is Shiv Ling worshiped ? and what does it mean ?.

Shiv Ling Deity is La Illah Illillaha . Means Only Worthy of Worship by All or Allah or Tao or Aradhnareshwar Two God Particles .

2.18 Worship of Creator ie Lord Natraz BBB is allowed in Akhand Bharat and ban on worship of Creation or puppets .

WORSHIP ETERNITY MEANS WORSHIP "I"
 MEANS UNIVERSE "I" MEANS ONENESS OR "OM" MEANS TWO GOD PARTICLES OR "I" OR PRIMARY GOD OR SATYAM SHIVUM SUNDARUM OR TACHYON PARTICLE WHOSE RECONSTRUCTION ON EARTH IS LORD NATRAZ OR CREATOR B.B.B IN SCIENCE – TWO FUNDAMENTAL PARTICLES AND FUNDAMENTAL WORKING CALLED ATOMIC TRANSCRIPTION AND TRANSLATION .
SANATAN KNOWLEDGE OR RELIGION "I"
THESE WILL PERSIST EVEN AFTER DESTRUCTION OF UNIVERSE

Many COLORS
 This is called Final Truth . Mind and Mass systems have emerged like universes
 I am The origin of all every thing evolved from Me—Gita 10/8
 These are the origin of all every thing evolved from Me—Gita 10/8
 I AM THE ORIGIN AND ALSO THE DISSOLUTION OF THE UNIVERSE (I)—Gita .

RELIGION "I" – Worship Of IDOLS of two God particles

SANATAN KNOWLEDGE OR ETERNITY or ONENESS or OM or Colorless Symmetry phase Of science

UNIVERSE "I" MEANS CYCLE OF COLORLESS TO MANY COLORS or EKO AHAM AHAM BAHUSHYAMI

WHO I AM ? Universe is Cycle of "I" and Universe Number ONE (Lord Natraz And His Avatars) Universe Number TWO and so on ie YOU, WE , It , This, That , these and Those etc , It is Secrete Of GITA 10/8 "I am Origin Of All Every Thing Evolved From Me ."

UNIVERSE is CYCLE of SHANTI (Symmetry Phase) and OM (Created Universe) It is SANATAN KNOWLEDGE OR RELIGION "I"
 OM means – It is Map of Created Universe showing About Dark Matter Layer (1-4) and Quasar as POINT .
 SHANTI means – SYMMETRY Phase – SLEEPING UNIVERSE

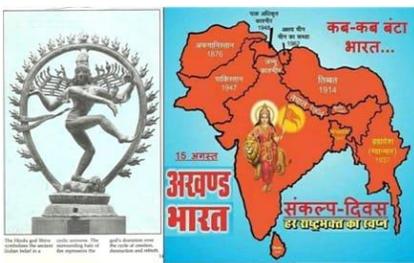

OM - SHANTI is represented as

DEVELOPMENT OF THE UNIVERSE

Conclusion

Worship of Creator ie Lord Natraz BBB is allowed in Akhand Bharat and ban on worship of Creation or puppets . Worship of Creation or puppets is abusing Creator bbb or Lord Natraz bbb or Creator BBB or Mahakaal Lalla virajman Ayodhaya or Yahoba or Parmeshwar or Vidhata or Mahakaal Lalla virajman Ayodhaya. And punishment is get out from My Planet. By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya.

Hindutva , Hinduism , or Hindu or Sanatan words are wrongly defined by SC in 1995 Judgment of Justice Verma that it is way of Life . Hindutva has no start or End . It is eternal word related with Almighty God Lord Natraz BBB only . Hindu Means worship of Lord Shiva , Ardhnareshwar , Two God particles Or Smallest Idol of Universe . and Its Photodepiction is Lord Natraz Below .

Hindu Rashtra about 7000 years back . Hindu Means Those who worship Lord Shiva since ancient time . Shiv temples were there in this region of world

Gita Ch 9 Vs 7 and 8 symbolizes the photo dipiction of Lord Natraz BBB as Creator and destroyer of universe

If Salman Khursheed is abusing Lord Natraz BBB Calling Him as Hindutva that He had established Terrorism like Boko Haram or ISIS which Or His IDEOLOGY Supports Ideology of BOKO Haram and ISIS , then Salman has full right to say bad ideology of Hindutva or Lord Natraz BBB and this ideology should be abandoned from Earth by Unifying Hindu and Muslim Ekta in India to start with .

But To achieve Hindu Muslim Ekta ideology should go through IQRA First ,means to reform Islam through a Truth that Namaz Is Idol Worship then why there is opposition of Idol worship in Islam . Means They have to forget Islam triggered by Zabril 1400 years back that made Illusive Islam based on a bad Ideology of Terrorism globally . And to get reformed by a Truth that Namaz Is idol worship that ends the bad ideology of Islamic Jihad globally .

If Illusive Islam of Zabril wants to continue To prohibit Idol worship and to kill those who do idol worship means Islamic Jihad which is Anti Quran Act and Anti Quran Movement the punishment according Islamic Law is Shirk or Apostasy or Death . Means they have to abandon 5 pillars of Islam that means Idol Worship .

If Illusive Islam of Mohhamad Sahib gets reformed by IQRA , dreams of Salman Khursheed could be fulfilled by only UOG not by Abraham Religion .

This is called Final Truth . Mind and Mass mysteries have emerged like OMNIPRESENT . i.e. Every small and bigger units are made up of these B.B.B.s
I am the origin of all every thing evolved from Me.—Gita 10/8
 These are divine in the sense that they talk with each other. They have power to transmutate to form any bigger unit of the universe. The triggering activity is atomic transcription and translation.

Conclusion

Misconduct by Ambedkar’s Central Government Act Article 325 in The Constitution Of India 1949- 325. No person to be ineligible for inclusion in, or to claim to be included in a special, electoral roll on grounds of religion, race, caste or sex There shall be one general electoral roll for every territorial constituency for election to either House of Parliament or to the House or either House of the Legislature of a State and no person shall be ineligible for inclusion in any such roll or claim to be included in any special electoral roll for any such constituency on grounds only of religion, race, caste, sex or any of them as it did not follow Independence Act 1947 that Indians are those who do Idol worship of Shiva and those who prohibit idol worship are not Indians rather they are Arabians and they donot have voting right or to be MP , MLA in this Country of Lord Shiva as Lord Shiva had been teleported on 22 23 Dec 1949 in Middle Gunned of Babri Mosque by virtue of Gita ch 4 vs 7 and 8 . Hence Ambedkar’s Constitution article 325 is obsolete as it does not follow Independence Act 1947 and it made Lord Shiva’s Hindu Akhand Bharat a

Secular country by Article 25 , 29, 30 and article 325 which is Adharma which was Hindu Rashtra 7000 years back .
